

YES, You Can Buy a House Now!

Here's **what you need to know** about house hunting during the coronavirus pandemic.

REAL ESTATE has been deemed an essential service in Florida, and many Realtors® are ready to assist you — safely.

GET PRE-APPROVED for a mortgage ASAP. Interest rates are at near all-time lows (but they won't be forever), and some lenders are extending lock-in rates for up to 90 days.

SHOP from the comfort and safety of your own home. Ask for video and virtual tours or schedule a personal video walkthrough with your Realtor®.

BE PATIENT. The home-buying process is taking longer than usual.

NOTE: Moving companies are considered essential businesses!
